

On October 14, 2010, **Small Business @ Work 2010** will be the setting for an array government entities, lending institutions and small business providers to exhibit their products and services to potential and existing entrepreneurs. Also, this year, in conjunction with the Office of the Governor and the Texas Workforce Commission, will introduce the **Skills for Small Business Program**. In addition to providing a strong network of support and resources, **Small Business @ Work 2010** will disseminate relevant information and conduct business sessions in reference to starting and growing a small business.
